WEBSITE  
SOLUTIONS

# WHO WE ARE

360 INTERACTIVE is located in Kuala Lumpur Malaysia, a leading System Integrator and Unique Design Firm that has the highest level of mission to MAXIMIZE your return of investment from all the products and services provided by us. Our complete menu of services geared towards success in virtual world and various marketing channels are guaranteed to make, instead of break out clients.

Every piece of artwork, product and solution provided by 360 INTERACTIVE will gone through deep thought from every aspect of client's business nature, operation flow, service expectation, competitors' research, market behaviour, micro and macro environment, which ensure the message reach to the desired market segment.

The team at 360 INTERACTIVE has over 15 years of experience, combined, in web design, identity development and system integration. Our unique life stories bring an open-minded approach to your business, whatever your location.

We at 360 INTERACTIVE strive to help individuals and organizations to identify their own potential. We take their ideas, words they have to say, their goals and their mission, and put them all into realization by giving birth to identities regardless of any form, and even providing IT support which would benefit them and their businesses. We're focus on attention to details, from concept through to finished art, but most importantly we love what we do.

# MISSION

- Maximize clients' return of investment
- Customer satisfaction
- Enjoy the job, passion with work
- Share experience, knowledge to clients, friends & family
- Strive to grow, as our service menu are growing day by day

# VISION

- We love challenge, we believe 'in fact, nothing is impossible'
- Our place is to train a tough person, not only mentality, skillset, experience, attitude, and also perfecting our employees' life
- To be a reliable brand which customer will first think of, when they need any solution related in IT

# OUR SERVICE

WEB  
DEVELOPMENT

DESIGN  
OUTSOURCING

# DESIGN OUTSOURCING

Design outsourcing is a business discipline that uses project management, design, strategy, and supply chain techniques to control a creative process, support a culture of creativity, and build a structure and organization for design. The objective of design outsourcing is to develop and maintain a business environment in which an organization can achieve its strategic and mission goals through design, and by establishing and managing an efficient and effective system.

**SPECIFICATION** Heat Pipe Series (MY-60)

**Overall Dimension:**

Capacity (Storage Tank) : 276 Litres / 60 Gallons (UK)  
 Overall Dimensions (L x W x H) : 2438 x 2268 x 468 (mm)

**Storage Tank:**

Cylinder Material : 1.2mm AISI 304 Stainless Steel  
 Outer Cylinder Case Material : Aluminium Stucco  
 Insulation Material : High Density Pressure Injected Polyurethane Foam (CFC Free)  
 End Cap Material : Aluminium Stucco  
 Nominal Working Pressure : 400 kpa (4kg/cm<sup>2</sup>)  
 Laminar Flow Stratifier : Available  
 Cylinder Test Pressure : 850 kpa (8.5kg / cm<sup>2</sup>)  
 Relief Valve Settings : 700 kpa (7kg / cm<sup>2</sup>)  
 Electric Booster Element : 2.0kw / 3.0kw with Safety Thermostat

**Heat Pipe:**

Design : Heat Pipe  
 Heat Conducting Material : Aluminium Fin & Copper Tube  
 High Absorption Rate : a s > 92%  
 Low Emissions Rate : e h > 98%  
 Insulation : Polyurethane  
 No. of Tube : 12 Tubes per Manifold  
 Manifold : 2  
 Net Absorber Area : 3.10 sq.m  
 Casing Material : Aluminium  
 Glass Tube Material : Borosilicate Glass
